

**SAVE ENERGY
SAVE MONEY**

HELP SAVE ENERGY

Circle Housing is looking for local people, like you, to be Energy Ambassadors.

We need volunteers that are interested in saving energy and helping others do the same.

You will be part of a European energy competition, whichever country saves the most energy wins!

We'll provide you with training and support and a tablet to monitor who is saving energy. Stick with us and you get to keep the tablet.

Be part of the green revolution!
